Explanation of State Revenues:

Explanation of Local Expenditures: The bill will have indeterminate impact on expenditures from the Marion County sheriff's jail commissary fund. Any change in expenditures as a result of the bill will depend on the decisions of the city-county council in appropriating funds.

Background: Under current law, the sheriff's jail commissary fund receives funds from commissary sales and is maintained by the sheriff or the sheriff's designee. Under the bill, the county treasurer, not the sheriff or sheriff's designee, must keep the fund in a depository and, in Marion County, disbursements of the fund must be appropriated by the city-county council.
